P&N COMPANY POLICY

It is P&N Company Policy that **when a master switch is left on after a flight, the last person that flew the airplane will be charged \$25.00.** Not turning the master switch off causes a \$345.00 battery to fail and not be rechargeable. Use the checklist that is required by the FAA that can be found in all P&N flight bags. Using the list will help you to remember to do your 'After Landing Check' and shut off **ALL** electrical switches in the airplane.

"No shows" will be charged \$25.00 for the instructor's time. Call the Marion Airport Office at 319-377-0457 **BEFORE** your scheduled lesson if you are going to cancel.

Flight lessons are to be scheduled and/or cancelled by calling the Marion Airport Office at 319-377-0457. Please do **not** call, email or text your flight instructor to schedule or cancel a lesson.

YOUNG EAGLES RAINED OUT, TWICE

We were very disappointed that the Young Eagles Flight Rally event giving free airplane rides to young people age 8-17 that was scheduled for September 18 at the Marion Airport was cancelled due to weather. Even the rain date of September 19 was rained out. For more information as to when it may be rescheduled, go to www.eaa33.org and click on Young Eagles.
